**Harnessing People Power
 for Managerial Excellence**

Thursday, December 15, 2016 - 9.30 a.m. to 5.00 p.m.

Venue: Torrent-AMA Management Centre, Core-AMA Management House,
 AMA Complex, Dr. Vikram Sarabhai Marg, Ahmedabad

We live in a knowledge economy. The core assets of the modern business enterprise aren't its building, machinery and real estate, but the intelligence, understanding, skills and experience of its employees. Harnessing the capabilities and commitment of knowledge workers is arguably the central managerial challenge of our time.

However, it can be frustrating trying to instill the right instincts into your employees and co-workers to think bigger, take on responsibility, think more like owners and fully work to their potential.

In this one-day workshop, we share the basics of how to see, understand and gain the "energy edge". Learn how to truly build and sustain a culture of ownership, passion and better time management where everyone is focused on results.

Knowledge & Skills to be gained:

1. Activate the deep energy that moves you to peak performance
2. Build a more participative work environment to improve performance
3. Create responsibility and drive ownership for results
4. Recognize the clues that ignite passion and focus with better Time Management.

Throughout the workshop they will participate in exercises and rehearsal modeling. Supervisors leave the workshop with implementation tools, troubleshooting guides and additional resources to help them apply the skills they have learned on the job.

Who should attend?

This course is designed for managers at all levels who work as individuals or teams.
